The city of Bouillon is famous all over the world for its history, its castle and Godefroy de Bouillon !

Today we can visit the fortified castle of Bouillon.

We discover there the oldest and most interesting relic of feudalism in Belgium, whose current appearance is largely due to work carried out from the 16th century to the Dutch period.

The monument is classified as an important heritage of Wallonia.

If you go to the Austrian tower (1551) at the end of the city wall walk, you will enjoy a wonderful overview of the fortifications, the city and the meanders of the Semois.

Included in the price of the visit :

- ✓ The educational exhibition on falconry (all year round) and the falconry show from March 1st to November 11th (sessions at 11.30 am, 2.00 pm and 3.30 pm). Additional session at 5.00 pm on weekends and public holidays in May, June and September, as well as every day in July and August.
- ✓ The exhibition "Scriptura, from the pen to the PC", which tells the history of the school from the Middle Ages to the present day.
