This ancient military construction is now a historic site and nature reserve, boasting a rich and tumultuous history.

Visitors will love discovering its story and collections, relating the life of the Lords of Lavaux during the Renaissance and rural life in Famenne in the 19th and early 20th century, together with a delightful Nature Museum (themes may change according to our events schedule).

Kids can dress up as knights and princesses to live out the adventure!

The ecology itinerary – a peaceful stroll on the banks of the ponds - offers a fascinating insight into the typical flora and fauna of Famenne.
