THE SYMBOL OF BELGIUM AND BRUSSELS.

Halfway between sculpture and architecture, the Atomium was conceived and constructed for the Brussels World Fair (\*Expo 58\*) and was the flagship building and emblem for it. Representing a unit cell of an iron crystal magnified 165 billion times, the building with its unique silhouette has, over the years, become the symbol of Brussels and Belgium.

Teh Atomium constantly reinvents itself and enchants visitors with its exhibitions and major events and thus holds its position, year after year, at the top of the attractions in the Capital of Europe.

THE MAGIC OF ARCHITECTURE, THE JOYS OF CULTURE.

- ✓ a surrealist walk through tubes and spheres
- ✓ the most beautiful panorama (360°) of Brussels and its surroundings (92m)
- ✓ a panoramic restaurant with a 100% Belgian menu (95m)
- ✓ a permanent exhibition on the history of the building
- ✓ a temporary exhibition on 2 levels
- ✓ a shop brimming with original gifts.
