Immerse yourself in a captivating experience at the Dubuisson Beerstorium, where history and the passion for brewing come to life. Explore the fascinating world of Brasserie Dubuisson, uncover its brewing secrets, and relive 250 years of brewing traditions. It all starts here, at the Ghysegnes castle, where this incredible family adventure began in 1769!

For over two centuries, Brasserie Dubuisson has been brewing its beer on the same site, a true historical gem located in a farmhouse-brewery facing the castle. Nine generations of the Dubuisson family have succeeded each other, preserving the soul and authenticity of their beers, a heritage you can discover in every detail.

This interactive museum offers you total immersion: virtual reality, 3D animations, and even an escape game! Each room reveals traces of the past while plunging you into an innovative future where tradition and technology meet. But the adventure doesn't stop there. The famous Brewery Trolls challenge you! Embark on a quest to solve the mysteries hidden in the castle's themed rooms. Solve puzzles, test your observation skills and logic. But beware, these mischievous Trolls won't make it easy. Can you outsmart them and uncover their secrets? After this thrilling adventure, it's time for a tasting! Join us in the nearby tavern to savor three beers from Brasserie Dubuisson (chosen from four). And to make this moment even more special, a very unique guest awaits you on the phone: none other than Hugues Dubuisson himself, director and master brewer, who will guide you through this one-of-a-kind sensory journey!

There's no better way to end your visit: a dive into history, a playful adventure, and a memorable tasting. An experience that will surely stay with you!

It's also possible to visit Brasserie Dubuisson itself, with its facilities, its rich history, and brewing secrets. After this visit, the art of brewing will no longer be a mystery to you!
