THE NATURAL SCIENCES INSTITUTE: A GREAT DAY OUT, NATURALLY!

- The Earth is swarming with life - rediscover it in our new Gallery, Living Planet, through an aesthetic, family-friendly and scientific approach to biodiversity;
- Meet the famous Bernissart Iguanodons, T.rex, Triceratops, Diplodocus, and 34 other species, in the largest Dinosaur Gallery in Europe;
- Learn about the human body and how we evolved in the Gallery of Humankind and go back in time in the Gallery of Evolution.
- You can also find out about urban species in BiodiverCITY, discover specimens which illustrate the Museum's history in the 250 Years of Natural Sciences hall, beware of the kings of the Cretaceous seas in the Mosasaur Hall, admire the magnificent crystals in the Mineral Hall, and take part in one of our Education Service's interactive activities.
