Maestro

Located in the province of Luxembourg along the E411, the Euro Space Center is Europe's only theme park entirely dedicated to space. Here, you become an astronaut in training for a day and dive into the dream of space exploration. During the Astronaut Day, our flagship experience, you'll enjoy more than 11 immersive, interactive and educational activities. Perfect for families or friends — inspiring, hands-on, and above all great fun!

Ready to follow in the footsteps of space pioneers? Then head to the launch pad. Over the course of roughly 5 hours, experience a thrilling and unforgettable mission filled with challenges, discovery and excitement.

Your journey begins in the Space Hub, where you'll take astronaut-style aptitude tests. Are you fast? Agile? Precise? How good are your vision and logic skills? Inspired by real European Space Agency (ESA) selection tests, this first phase reveals whether you've got what it takes to join the crew.

Didn't ace every test? No worries — that's what training is for! Step by step, feel what astronauts experience during preparation and real-life missions.

Ever wondered what a rocket launch feels like? Step into the Space Rotor! Experience up to 3G — three times your body weight — as you press against the walls and the floor drops away. A spectacular sensation!

Back to Earth but only briefly. It's time to explore the Moon and Mars with our Moon Walk and Mars Walk XP simulators! Using a unique system and augmented reality, walk as if you weigh three to six times less. An unforgettable feeling!

Prefer flying? Jump into the Space Flight Unit and navigate martian canyons to complete your flight mission.

Then, welcome to Mars Village, where you'll discover the challenges of future space settlement — from preparing a mission to landing and building a human base. And yes, you'll even remotely control your own Mars rover!

And to top off your day: Lunar-X, our brand-new immersive attraction. Take a seat inside futuristic capsules, feel the thrill of liftoff, and embark on an astonishing mission to the lunar surface — a breathtaking experience you won't want to miss.

You've got it: the Euro Space Center is the ultimate family day out for anyone looking to combine fun, sensations, science and wonder. A unique space adventure for all ages, just minutes from the E411.

Information for individuals

Opening times

All year round: weekends, public holidays and Belgian school holidays from 9.00 to 16.00 (last entry)

Closed on 24, 25, 31/12 and 1/01.

Price

adults €36 • 60+ €34 • children €32 • Free for children under 110 cm

Online booking preferred (€2 discount if you book online no later than 2 days before your visit)

Tour length

Indoors: 6 hrs • Outdoors: 2 hrs • Audio guide (EN, FR, NL, DE)

Information for groups

Price

(min. 20 people) €17.50 or Astronaut Day from €29 per person

Guided tour

EN, FR, NL, DE
