### Dinant Évasion – Meuse River Cruises, the valley seen from its most beautiful natural balcony

With **Dinant Évasion – Meuse River Cruises**, discovering Dinant and the **Upper Meuse** takes on a whole new dimension. From the boat's deck, the town gradually reveals itself, carried by the steady movement of the water. Leaving the quays behind, time stretches out and the landscapes begin to tell their story, between steep reliefs, built heritage and preserved nature.

#### A unique viewpoint over Dinant and its valley

On board, the eye takes in a landscape in constant transformation. At times **urban**, at times **bucolic**, the scenery shifts with the flow of the river. **Historic monuments**, the typical architecture of the Meuse valley and remarkable **civil engineering works** follow one another with natural elegance. From the water, Dinant appears from an unexpected angle—calmer, almost intimate, far from the bustle of the streets.

The **audio commentary**, broadcast throughout the cruise, accompanies the discovery with precision. It provides reference points, anecdotes and insights, without ever interrupting the pleasure of contemplation.

#### Comfort, relaxation and freedom on board

The boats are designed to offer maximum comfort. Settled in one of the **panoramic lounges**, or on the **outdoor terrace**, gently touched by the breeze, everyone finds their place. The slow rhythm of navigation invites relaxation, conversation and quiet observation of the riverbanks.

An **onboard bar** allows guests to extend this moment of pause, glass in hand, without ever interrupting the discovery. The cruise then becomes a soothing interlude, ideal for taking a breath while continuing to explore.

#### Cruises to suit every desire

Several options are available to visitors. The **45-minute cruise to Anseremme** is perfect for a first introduction: a short escape, yet rich in scenery and sensations, with departure and return in the **Dinant town centre**.

For those wishing to go further, the **2-hour cruise to Freÿr** crosses the **most unspoilt stretch of the Upper Meuse**. The cliffs become more prominent, nature takes over, and the river seems to slow even more, offering a spectacular and peaceful setting. Returning to the quay then allows visitors to continue exploring the **streets of Dinant** on foot, at their own pace.

## An ideal experience for groups

Dinant Évasion also offers **themed cruises for groups**, including **meals on board** and visits to emblematic regional partners such as the **Château de Freÿr**, the **Annevoie Gardens** or the **Château de Bioul**. An elegant way to combine navigation, gastronomy and heritage within a smooth and convivial organisation.

## An invitation to slow down, along the water

Meuse River cruises by Dinant Évasion appeal through their simplicity and richness. They offer a different way to see the region, to take time, observe the details and fully experience the soul of the valley.
