### Brasserie des Fagnes, a living immersion in the heart of craft brewing

At the **Brasserie des Fagnes**, beer is not simply told about: it is **experienced**, breathed in and shared. From the moment you enter, the atmosphere sets the tone. Here, tradition and modernity exist side by side without ever opposing one another, in a place designed for **discovery**, conviviality and the pleasure of being together. Whether you are a curious enthusiast, a true epicurean or visiting with family, the experience promises a generous and authentic moment.

### Two breweries, 150 years of evolution before your eyes

The visit immerses you in the heart of **two complementary breweries**. In a rustic and welcoming setting, you discover a **modern brewery in operation**, installed right next to another dating from the **last century**. This striking contrast helps visitors understand **150 years of technological evolution**, while observing the machines, gestures and stages that transform raw ingredients into craft beer.

The art of brewing **Fagnes** beer gradually reveals itself, without unnecessary jargon. The **brewer** and the welcoming staff take the time to answer questions, explain the process and share their passion. You learn, you are surprised, you understand and you begin to look differently at the glass you will soon hold in your hand.

### Tasting where the beer comes to life

The moment of **tasting** naturally extends the visit. It takes place **in the very heart of the brewery**, in a warm and authentic atmosphere. Aromas unfold fully, carried by the surroundings, the scent of malt and the warmth of the installations. It is a simple yet intense moment, made even more meaningful when shared **with family or friends**. The **free entry** reinforces this feeling of openness and welcoming accessibility.

### A place designed for everyone, young and old

The Brasserie des Fagnes is not limited to beer. It is also a true **place to gather**, friendly and accessible. In summer, the **large terrace** invites visitors to linger. Indoors, the atmosphere becomes more intimate, especially around the **open fireplace**, perfect for extending conversations.

Children are not forgotten: an **outdoor playground** and an **indoor TV area** ensure that everyone finds their place. While younger visitors enjoy themselves, adults can savour a moment of relaxation, without any rush.

## Generous dining and tailored organisation

The **non-stop restaurant service** offers a varied and generous menu: **grilled meat and fish, salads, regional specialities, sweet and savoury crêpes, ice creams** A welcoming, terroir-inspired cuisine that naturally accompanies the house beers.

The Brasserie des Fagnes also welcomes **groups** thanks to a **large multipurpose hall** that can host up to **350 people**, as well as a spacious terrace. **Menus, special packages and tailored combinations** are available by reservation. For **companies**, two **high-tech meeting and seminar rooms** are available, fully equipped to combine work with a pleasant setting.
