Aqua Spot is Dinant Evasion's brand new water sports center! A new departure point for electric boats, right in the heart of the village of Anseremme. No license required, these boats await you for an hour-long cruise along the Meuse River. Sailing to Dinant and back, you'll enjoy a diverse landscape, passing historical monuments, Roman villas, and feats of civil engineering.

An outing to discover as a couple, with friends, or as a family, as navigation is so easy and safe: a single lever controls both the direction and the boat's speed!

Prefer a paddle? Aqua Spot also offers kayak rentals on the Meuse River, ideal for a first-time experience. For something a little different, the adventurous can try paddle bikes: a bicycle on a paddleboard, surprisingly stable, until... wait for it!

Easy access and free parking.
