Canoeing down the Lesse river, a watery break to live and relive !

Embark with Dinant Evasion for a refreshing ride in the heart of the Lesse valley.

With family, friends, for a teambuilding or a green activity, we welcome you in top quality facilities.

Your navigation will be punctuated by superb scenery: a green and particularly rich nature, classified as a Natura 2000 zone; impressive rocky peaks; the Castle of Walzin on its impregnable promontory; etc.

Last but not least, the passage of the two dams! Accessible even to novices, they are a unique feature of the Lesse which will certainly make your day sparkle. Always a great moment of excitement, pride and/or laughter once you've passed through !

Choose your tour:

Houyet – Anseremme (21km): about 5 hours descent

Gendron – Anseremme (12km): about 2,5 hours descent

Houyet - Gendron (9 km): about 2 hours descent (without dam)

Choose your kayak:

Single or double kayak, Classic or Super comfy

Canadian Canoe (3 seater – max 2 adult and 1 child)

Life jackets freely available and compulsory for children under 10 years.

How to organize your day?

Always check the conditions of access to the river on the website of the attraction before your arrival. The river is natural and wild, its level can change according to droughts or floods.

Bring your picnic (think eco-responsible !) or a little cash and enjoy a lunch at snack-bars installed at the begining and the end of the course.

Make sure that each child under 12 years is accompanied by an adult, in a kayak of 2 or 3 persons.

Do not bring anything that could be damaged by water.

Take a change of clothes. After the descent, upon your arrival in Anseremme, you will find warm showers and free changing rooms. Cafeteria, terrace, restaurant and hotel are also at the edge of the water!
