A beautiful kayak itinerary on the river Amblève with a length of about 2 hours, perfect for getting a new angle on the Belgian Ardennes! You can take a mountain bike or our shuttle bus to return to the departure point.

Participants are welcomed by our friendly professional instructors and benefit from the highest quality equipment for guaranteed fun and excitement!

We specialize in "Prijon" polypropylene kayaks, which are light and very manageable. Although slightly less stable than the larger models generally available for hire, you will have the boat in hand after just a few minutes.

The river Amblève offers a more-or-less sporty white water experience according to the water level. Of course, we provide you with 70N life jackets and a paddle.

We also offer a range of alternative activities including Paintball - Quad Off Road Tour - Mountain bike – Treetop adventure course with 120 m zipline and underground maze - Horse riding - Orientation courses for several teams - Ferrari Experience: Ferrari F430 driving.
