Modernised spaces: a sports pool with an adjustable depth area, a fun 'children's' area dedicated to learning to swim, numerous communal and individual changing rooms...

State-of-the-art equipment: an efficient water treatment system, reduced chlorine use, modern energy-efficient features...

An improved swimming experience focused on sports and leisure, accessible to all.

### Sports area

The sports area consists of a 30 m by 20 m pool.

Thanks to a movable floor, part of the 100 m<sup>2</sup> pool can be adjusted in depth to allow for various activities and types of learning, while guaranteeing our swimmers a 25 m long swimming pool with 8 lanes and a depth of 3 m.

The water temperature is 28°C.

### Play area

The play area consists of a 12.70 m by 8 m teaching pool with a depth of 80 cm across its entire surface, a baby paddling pool and a playground, as well as an indoor water slide.

The water temperature is 32°C.

### Wellness area

The wellness area consists of a spa, a hammam, a sauna and dedicated showers. This area is accessible with a specific entry pass (QR code wristband) to be scanned at the access control point.

Its capacity is limited to ensure the comfort of users.

This area is quiet and relaxing. Respect for other users is essential.

For safety and liability reasons, access is restricted to users aged 18 and over.

A towel is essential for the sauna.

The wellness area is accessible at fixed times (e.g. 9am-10am, 10am-11am, etc.), allowing access to the pools beforehand with the entry fee.

### Outdoor area

This area consists of a large terrace, grass-covered terraces, two giant outdoor slides, showers/toilets, a sunbathing lawn and a natural swimming area in the quarry. Open during summer hours.
