In the depths of the Belgian Ardennes, next to the well-known Coo Waterfall, come and discover the animals who have made the history of our countryside, as well as their peer who have their own background to explain you.

Discover their way to live by observing them in their natural environment.

While a 40 minute train tour, learn in funny way, with your family, with friends, thanks to our pedagogical boards.

You will meet wild boars, deers, wolves, and with some luck you will have the opportunity to feed them.
